Find Your Country

Find the country you live in and color it in.
Then find the countries right next door,
your neighbors, and color them too.

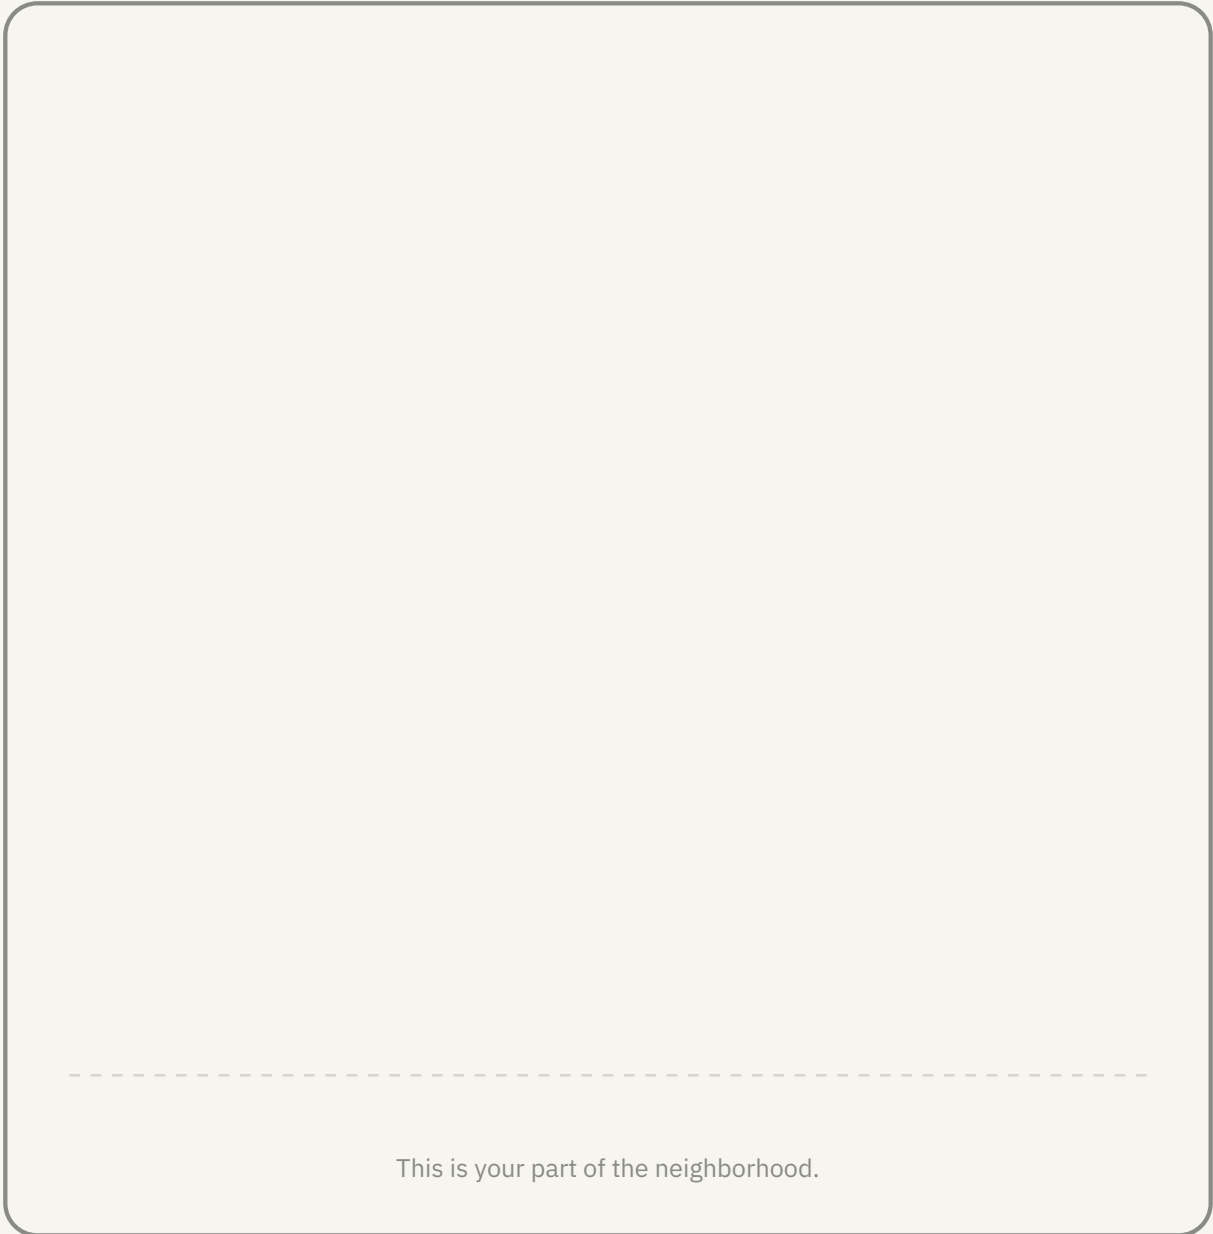

Who are your neighbors? Say their names out loud.

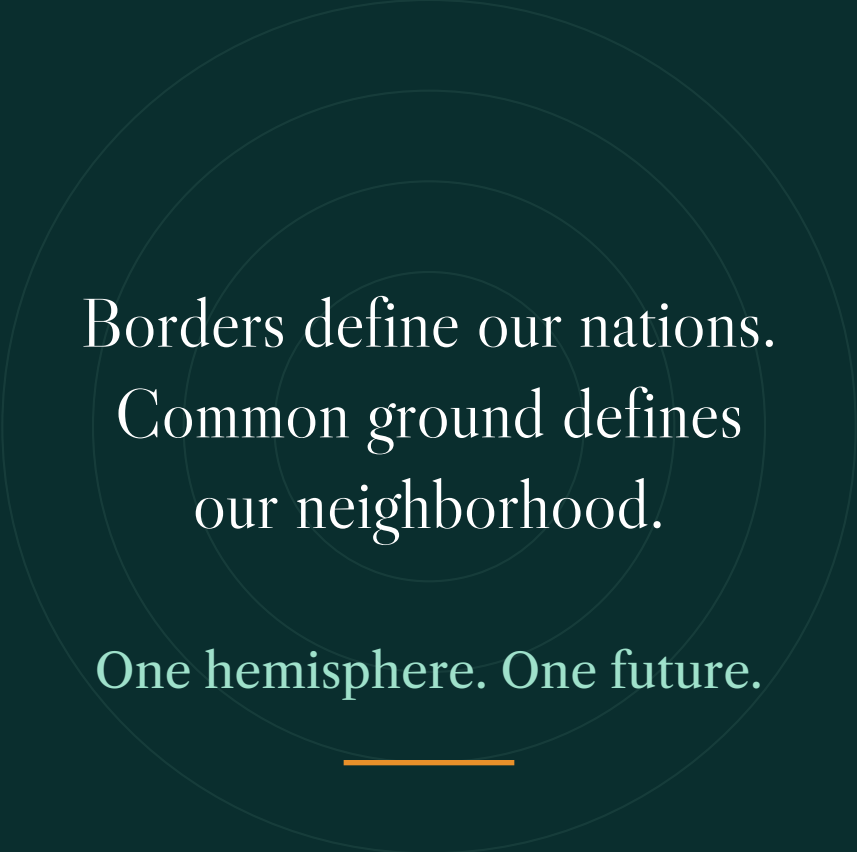

YOUR TURN · DRAW

Draw Your Street

Draw your own piece of the neighborhood:
your street, your home, your favorite place.
It all belongs on the map of the Americas.

This is your part of the neighborhood.

Borders define our nations.
Common ground defines
our neighborhood.

One hemisphere. One future.

Made for our youngest neighbors.
Print it, share it, and come back as new pages arrive.
